# THE FANTASY FACTORY

## WHAT THE WORLD HAS TO SAY.....

“One of the highpoints and one which apparently pleases the audience most, is Errol Manoff’s Fantasy Factory.....the forms assumed are fanciful and the characters humorously conceived...”

“On behalf of Macys and the entire Special Productions Staff, we would like to extend our sincere thanks for your participation in the Macys Thanksgiving Day Parade. Fantasy Factory looked fantastic on television and proved to be a highlight of the NBC coverage.

Undoubtedly the Fantasy Factory’s Blacklight puppets of a coral reef with colorful fish, giant dancing lobsters, a 10 foot Humanette Octopus Lady Singer and a myriad of undersea creatures were the pinnacle of the entertainment mountain. This breathtakingly classy blacklight puppet show from the United States rises to magical levels of visual supremacy in an evocation of undersea fantasy.

.....and because of your incredible talent, professionalism and commitment, your contribution to the success of “Big Splash Bash” is enormous!! Your puppets are breathtaking and the finished effect on stage is nothing short of sheer magic. I’ve overheard more laudatory comments from guests about the blacklight segment of the show than any other single element.

One of the highlights of his expertise is a superb blacklight puppet show that is both amazing in concept and flawless in execution. Errol has great taste as a designer and demonstrates a patient and caring attitude with all of his entertainers, as he skillfully directs them to expand upon their talents, lending his imagination to the artists abilities. Errol knows how to please an audience and is a joy to work with.....The Merlinettes puppet show is one of our most popular attraction and is enjoyed by all ages. The strolling entertainers are a superb group of people and the enthusiasm while in the public areas is a tribute to Mr. Manoffs guidance. We at the Excalibur Hotel/Casino are very proud to have Errol Manoff involved with the entertainment at our resort.
